Subject: RE: Emergency Response TA to Gold King Mine Release in Colorado

All,

We received the mobilization report from the resources unit late last night. In that report it had the appropriate Travel and PPL account strings. I have sent my travel preparer the appropriate Travel Accounting String and have asked Rob Pavlucik in the Comptroller's office to add the PPL code to my favorites so I can charge directly to that acct code once I deploy.

Sorry for any confusion this has caused, we were just looking to book the travel as soon as possible last night since I need to have boots on the ground this evening.

Thank you,

Dan

I know. This has blown a hole in any projection we had. Do you want to join our comptroller daily call at 1:30 mountain 3:30 your time?

Burgo should charge to our accounts and Christine will get the ppl info and travel info to you soon.

I am getting it second, third, fourth hand. We do the x funding label in our region with OCFO not the travel preparers names below, and we do the setting up of favorites.

As you know as Comptrollers especially this time of year it is good to know if People are not charging to our region even for a PP so we make sure annotate reports.

Are they talking with our resources and finance folks at the area and incident commands? We've been giving the charging info out via deployment guide and our FsC down there Christine Portillos.

Subject: Emergency Response TA to Gold King Mine Release in Colorado

Hi Judi,

Just a heads up, we sent Burgo on a last minute response to Colorado and created a TA for him to mobilize tomorrow. Please note, Region 8 will be covering all expenses but in order to expedite the TA I temporarily used a Region 1 account which will be amended to reflect the accounting from Region 8 once received.

Jenn
